MSc Mathematics/Mathematics & Financial Modelling Student-Staff Exchange Meeting
15th March 2017

Sarah Hart, Maura Paterson, Ben Fairbairn, Brad Baxter
Cassie Fernandes (minutes)

No students were present at the meeting. Dr Paterson sent the information detailed below in an email to students.

No significant issues were reported; as always, please do contact us directly if you have any issues or concerns.

It was noted that exam timetables are now available and viewable on your My Birkbeck profiles: if this is not the case please confirm your modules via your profile as this is necessary to generate the notice. It is your responsibility to check you have been entered for the correct modules, if anything is incorrect, please email Cassie Fernandes. You are reminded that you will need to print off your exam admissions notice and bring it, together with your student card, to your exams, otherwise you will not get access to the examination room.

Finally, a quick note about plagiarism. You are reminded that (unless specified otherwise) coursework is supposed to be your own individual effort. Any sources used should be cited appropriately; directly soliciting answers to coursework questions on internet forums is not acceptable. Material on plagiarism and referencing etc. can be found on the learning skills Moodle module pages here: https://moodle.bbk.ac.uk/mod/book/view.php?id=163030&chapterid=547
