**Academic Review Briefing**

**Overview**

This briefing has been developed to provide Assistant Deans and the panel reviewers an understanding of the value of having an Academic Review, the nature of the discussions and the necessary skills to conduct a supportive and constructive Academic Review.

**Learning Outcomes**

By the end of the briefing, you will be able:

- To understand the purpose of Academic Review and how it differs from Academic PDR
- To understand the new process for Academic Review
- To understand the role of the Reviewer
- To identify potential equality issues and know how to respond, including guidance, support and signposting
- To identify the skills needed to ensure that Reviews are conducted fairly and professionally
