### Birkbeck recruitment and selection: College panel

Each institution within CHASE is required to identify a shortlist of applications to be put forward to the relevant [CHASE selection panel](#).

Prior to consideration by CHASE, Birkbeck applications are considered in 3 stages: by Departments, by Schools and then by a College Panel who select a maximum of 17 Birkbeck applications to go forward for consideration by CHASE. Applications are considered in relation to CHASE selection criteria.

Membership of the College Panel is agreed by the Executive Deans of Arts, SSHP and Law in consultation with the PVM Research. [CHASE selection panel](#) members are drawn from membership of the College Panel. The College panel members for 2022/23 entry are:

## Internal Birkbeck CHASE meetings

Within Birkbeck there are College-wide meetings to discuss CHASE and these take place twice per year; usually in the Autumn and Summer Term. These College-wide meetings deal with internal aspects of our involvement with CHASE and identify issues to be raised by Birkbeck representatives at the CHASE Committees. The meetings are chaired by Julian Swann as PVM Research with the following attendees invited to attend.
