Notes:

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content (Level A) Also applies to: EN 301 549 Criteria • 9.1.1.1 (Web) • 10.1.1.1 (Non-web document) • 11.1.1.1.1 (Open Functionality Software) • 11.1.1.1.2 (Closed Functionality Software) • 11.8.2 (Authoring Tool) • 12.1.2 (Product Docs) • 12.2.4 (Support Docs)	Partially Supports	The site as a whole has textual alternatives for non-text content. There are rare exceptions, such as the main site logo. The site content is primarily PDFs provided by the publisher. The platform does not prevent the publisher's content editors from uploading PDFs which contain images with no textual alternatives, and publications in the platform are not guaranteed to have textual alternatives. The site content therefore has a number of instances of non-textual content without text alternatives, and the publications have no useful text alternatives where there is non-text content. This is not a limitation of the platform itself.
